Special to The Evening Telegraph. Wassersoros, October 3.-The mail steams Webster, from City Point, brings up thirty Rebel descriere. Officers who came up on her confirm the report of our successes, gained by Meade on the Squirrel Level road on Priday, but the engagement, which closed late on the evening of that day, had not been renewed at 8 o'clock on Saturday morning, which, however, may be counted for by the fact that it was raining very iony ly at that time.

On Friday, Meade drove the enemy from their wo first lines of defenses on the Squirrel Level road, and at the end of the engagement we held these intrenchments, which are some four miles from Petersburg.

Colonel Welch, of the 16th Michigan Regiment, was killed while gallently leading his regiment in a charge against these works. His body was brought up on the Webster, and will be sent to his friends at Ann Arbor, Michigan. This regiment was badly cut up in this engagement, and lost als out of nine officers in killed and wounded.

When the Webster left City Point yesterday porning cautionading was heard in the direction of Petersburg, but it was not known whother the fighting had been renewed or not. The information from the north side of the James is to the

effect that on Friday the enemy made three unsuccessful attempts to retake the works on Chaple's Farm. They were repulsed each time with great loss to them, and we now hold all the works we captured, with the exception of a small redoubt on the James river, which c uld not be held without useless sacrifice of life, as it was him closely. commanded by the Robel rans in the river.

GENERAL PRICE'S FORCE

Etc., Etc., Etc., Etc., Etc., Etc., Etc.

St. Louis, October 2 -The train from Franklin to-day reports all quiet there. The Rebels, it is reported, have destroyed the bridges and burned all the railroad property for twenty miles below Franklin. The prisoners who were captured about sixtgen tailes below Franklin learned from them that Price was about two miles beyond with 7000 men.

All is quiet on Iron Mountain as far as Hills boro, where the Rebels are reported to be workng the lead mines.

Frederickton is still occupied by the Rebels at not in large force. General Ewing's defence of Pilot Knob is described by an eye-witness as being one of the finest of the war. His retreat also is said to have een most golfantly conducted. His mon had no cep for nor nights, and nothing to eat except what they could pick up on the way; and they fought the enemy constantly. Nothing his been beard from then since their arrival at Harrison's Starion, but it is believed they had reached

Rolla. The depots at Washington and South Point, fifteen or eighteen miles west of Franklin on the Pacific road, are reported to have been burned. The bon-works at Pilot Knob have suffered to the extent of between \$20,000 and \$25,000, and the stores. In the town robbed of from \$50,000 to

\$60,000 worth of goods. A gentleman who left Pilot Know on Friday night represents that Price has from 20,000 to 25,000 veterans, independent of from 3000 to 5000 recruits recently obtained.

-The New York Times this morning says :-"The market for money is unsteady on most descriptions of increantile paper, the rates ranging \$\frac{1}{2}\$ per cent per annum. At call on stock collateral on Wall street, the rate is 7 per cent, and the supply of means fairly steady on satisfactory collateral. But the heaviest balances with lenders continue to seek the popular 7.50 per cent. Government Loan, or the Treasury Certificates of Indebtedness, as being at present the eafest employment. The Stock Market continues to yield rapidly on the Railway shares; the leading operatons in the Stock Exchange taking the Bear view of the market, and finding but indifferent resistance from the outside public.
